A Word from the Summer School Director

Dear Parent(s)/Guardian (s) and Students:

Welcome to the Francis Howell's High School Summer Academy! The Francis Howell School District is continuing our summer programs for our high school students and hope that these programs are of benefit to the students of the district.

Our summer program provides an opportunity to enhance their academic achievement and enrich their learning during our summer course offerings. Students will continue to have the opportunity to retake courses needed to fulfill graduation requirements through our credit recovery offerings.

The Francis Howell Summer Academy is designed to be an innovative program that provides a variety of choices and opportunities for all students. We look forward to working with you this summer.

Sincerely,

Dr. Lucas Lammers

General Information

- **Students must register for courses online**
- **Students should review the Summer Academy Regulations.**

Rules and Regulations

Student behavior in class and on school grounds shall reflect the educational tasks being pursued. The Francis Howell School District Student Code of Conduct will be enforced during the Summer Academy. Students shall not miss more than (3) hours of class time during a session.

Class Cancellations & Modifications

All Summer Academy courses are subject to modifications depending on enrollment, staffing availability and facility capability. Courses not meeting minimum enrollments may be cancelled.

In order to protect the safety and well-being of our students, staff, and community, and to minimize the spread of COVID-19 (Coronavirus), FHSD summer camps have been cancelled. Updates for credit advancement courses are noted in this booklet.

How to Enroll

- **When it is time for you to register, visit fhdschools.org/departments/academics/summer_school**

Important Dates

HS Credit Recovery

**Eligible students must be entering their junior or senior year.

***Eligible students are those entering their, freshman, sophomore, junior or senior year.

Regulations

Since the 1980-81 school year, the Francis Howell School District has provided remedial summer school services for students in grades 9-12 who failed one or more courses during the school year, or failed to receive credit for a course due to withdrawal.

Eligibility

Students residing in the Francis Howell School District may enroll with the approval of their principal or counselor. Nonresident students may apply to attend summer school on a space-available basis with the approval of their principal or counselor.

Nonresident Students

District residents are given priority for enrollment in summer school courses and receive summer services at no charge. Effective in 1994, nonresident students were allowed to apply for participation in summer school on a space-available, tuition free basis under the provisions of Reorganized Statutes of the State of Missouri 167.277. The district is compensated for nonresident participation by claiming attendance hours generated by these students for state aid purposes as though they were resident students.

Registration

The registration deadline for Credit Advancement is May 8th.
The registration deadline for Credit Recovery is May 8th for Session 1 and June 3rd for Session 2. Applications received after those dates cannot be assured of course placement.

Enrollment Minimums/Maximums

A minimum student enrollment of ten (10) students is required for a specific summer school course to be considered. A maximum student enrollment of forty (40) will be applied to all summer school courses offered. Advancement course sessions and sections may vary depending on student enrollment, staff availability and facility capability.

Regulations Continued

Credit

In order to assure proper credit, students must enroll for the semester corresponding with the semester failed (full year courses only).

Final Examination(s) and End-Of-Course Assessments

Final examinations are mandatory for all courses. Common assessments given during the regular school year may also be given during summer school. Students repeating a course that corresponds to a Missouri End-Of-Course (EOC) assessment may, at the discretion of the district, be required to take the state EOC exam for that course.

Attendance and Coursework

To be successful in online HS credit recovery, students should expect to spend time equivalent to a normal school day (4-6 hours) on weekdays during their session, as a full semester class will be completed in that 2-week period. Students will be assigned to a class that will be facilitated by an FHSD teacher certified in the content area. Teachers will assist students in setting up their online learning, give feedback to students regarding their progress, and provide instruction and support as needed.

FAQ

How do I register?

fhdschools.org/departments/academics/summer_school

Where is summer school located?

All courses for Summer 2020 will be conducted online.

Due to state requirements and district wellness initiatives, students taking online health will be required to report to online sessions on drug prevention and mental health awareness in order to receive summer school online Health credit. Dates and times will be determined and communicated by summer school Health teachers and principals as soon as those positions are hired. For those taking online health in Summer 2020, the district will offer the state-mandated CPR training, which is a graduation requirement, during the school year.

Can I take a Credit Recovery and Credit Advancement Course?

No. You may take one Credit Recovery Course per session (.5 credit each) or you can take two Credit Advancement Courses to receive up to 1 credit.
